1. Frequently asked questions

Which cities does NorthBridge currently cover?

London, Manchester, Birmingham and Leeds.

Is property matching free?

Yes. Core property matching, standard viewing coordination and application guidance are free. Premium Relocation Support is optional and costs GBP 149 as a one-time fee.

Does NorthBridge own the properties?

No. NorthBridge supports the search and coordination process. The landlord or property provider controls the property, availability and application decision.

Can NorthBridge guarantee I will get a tenancy?

No. Acceptance is decided by the landlord or property provider after its checks.

Who receives my rent and security deposit?

The landlord or property provider according to the offer and tenancy instructions. NorthBridge does not treat those payments as NorthBridge service fees.

What if I do not have a UK guarantor?

Tell the support team early. NorthBridge can explain provider requirements and point out where a third-party guarantor option may be accepted, but it does not act as guarantor and cannot guarantee third-party approval.

Which current property has the lowest monthly rent?

Maple Student Residence in Leeds at GBP 720 per month.

Which listings include both Wi-Fi and utilities?

King's Cross Studios, Riverside House, Edgbaston House and Maple Student Residence.

Does Oak Residence include utilities?

No. Wi-Fi is included, but utilities are excluded.

How fast will NorthBridge reply?

Standard enquiries target a response within 1 business day. Active Premium Relocation Support cases target 4 business hours during support hours.

2. Application preparation

Exact requirements differ by property provider. The following is a common preparation checklist, not a guarantee that every provider will request or accept the same evidence.

- Valid identity document and, where relevant, evidence of right to rent or other provider-requested status evidence.
- Current contact details and intended move-in date.
- Proof of study, employment or other affordability evidence when requested.
- Previous landlord, employer or personal references where required by the provider.
- Guarantor details or an accepted third-party guarantor route when the provider requires one.
- Funds for any provider-requested holding payment, first rent payment and security deposit after the customer has reviewed the relevant terms.

3. Before paying money

1. Confirm the property reference, address/area, monthly rent and what bills are included.
2. Confirm who is requesting payment and what the payment is for.
3. Review the provider's reservation, tenancy and cancellation terms before sending money.
4. Do not describe a property deposit as a NorthBridge fee; NorthBridge service fees are listed separately in the Services and Pricing Guide.
5. If payment instructions look inconsistent or suspicious, stop and escalate to a human rather than guessing.

4. Move-in checklist

- Obtain written confirmation of the property, move-in date and check-in instructions from the property provider.
- Confirm that required first rent and security deposit payments have been received by the appropriate provider.
- Confirm whether utilities are included. For properties where utilities are excluded, ask which accounts the tenant must arrange.
- At check-in, review the inventory and condition report. Record photographs of any pre-existing damage where appropriate.
- Keep emergency, maintenance and property-management contact details accessible.
- Report an access problem or urgent move-in issue promptly. NorthBridge should route urgent access/payment/safety concerns to a human.

5. During the tenancy

Item	Details
Maintenance	Report property maintenance through the landlord/property manager route stated in the tenancy or welcome information. NorthBridge can help identify the appropriate contact but does not perform repairs.
Rent questions	Use the rent amount and payment instructions agreed with the property provider. If a payment dispute arises, escalate for human handling.
Changing property	A new search can be started, but leaving an existing tenancy depends on the signed tenancy/provider terms.
Extending stay	Ask the provider whether an extension is available. Current portfolio minimum stays do not guarantee renewal.
Complaints	NorthBridge complaints are acknowledged within 1 business day with a target substantive response within 5 business days.

Information not in the knowledge base

NorthBridge has not supplied a CEO name, company revenue, employee count, tenancy acceptance rate or guaranteed property-availability percentage. The assistant should not invent any of these facts.

6. Quick comparison examples

- For a London customer prioritising lower rent: Oak Residence is GBP 1,250 per month compared with GBP 1,650 for King's Cross Studios.
- For a Leeds student prioritising lowest rent and included utilities: Maple Student Residence is GBP 720 per month with Wi-Fi and utilities included.
- For a Manchester customer wanting utilities included: Riverside House includes Wi-Fi and utilities; Northern Quarter Rooms includes Wi-Fi but excludes utilities.
- For a self-contained Birmingham studio: Central Court is GBP 1,050 per month, with Wi-Fi included and utilities excluded.
